Tio has informed the chronicler that due to mundane life, he will no longer be doing iron key after October

No other officer reports.

New Business

Sadly, the Shire of Grimwith on our eastern border has disbanded. All shire lands have been returned to the Barony of Wealdsmere.

Julilla has been asked if she would be willing to autocrat a crown level event in Dregate, her honorary shire. She agreed. It has not been decided yet whether we want to do July Coronation or September Crown. It has been discussed that we use the Barter faire site as it is very up to date. It now has paved roads and an outdoor kitchen and a permanent biffy as well as potable water. The site will be looked at closer and prices looked into. Oso will attend a meeting but people need to be thinking about activities they would like to volunteer for.

Old Business:

Events:

September Revel: Oso has procured the site and has begun work on the activities and so forth.

She is unsure if our archery champion, Latineous, will be able to attend. Traditionally the champions arrange an activity for attendees so she will be talking to each champion.

Garvin may be feastocrat but she is unsure at this time.

Oso is open to any events that people would like to do so please contact her with any ideas.

All Champions: Rosie has been putting a lot of thought into the even. The Tonasket rodeo grounds are available September 30-October 2 and she will be talking to Teagan to see if

she will help reserve the site. This date does not conflict with Golden Swan or archery all. She is considering having heavy on Saturday evening after rapier. Also, she has asked Oso to talk to the equestrian people and see if they would like equestrian activities. Feast will be potluck.

Calendar:

General Meeting: July 28 at 6:30. City park in Tonasket.

Meeting adjourned at 8:13
