

Dregate General Meeting May 30 2010

Present: Aelfwynn, Kit, Dalbach, Conual, Oso and two guests from Okanogan.

Meeting was called to order at 1:10 by Oso. Lochlan was called to work at the last minute and Oso ran the meeting in his stead.

Two guests were welcomed, Ryan and Shelby, who have interest in various SCA activities, and will be added to the shire emailing list at their request.

Reports:

Seneschal : meeting at Crown, minutes posted separately on website. Of note, memberships will increase by a couple bucks and NMS will go up to \$5, as of July 1st. So, if your membership is due to renew, try to do it sooner than later to save a couple of dollars per person.

Herald: Dalbach has compiled a list of helpful books that he would like to order for the Heralds office, we will present the proposal at the next financial meeting.

Exchequer: Ihon has stepped down from the Exchequer office, Killian and Runa teaming together to work on current reports. Financial committee needs to meet in the next week or so. If you have interest serving on this committee, please contact Killian.

A&S: cowl/hood workshop still in the works. No date set, but Oso will get back on this organization.

Equestrian: A good non official practice was held May 2, 2 members of Cranehaven joined in, and have become jr eq. marshals. Oso will be stepping up to Kingdom Equestrian Contingency deputy as soon as it meets the needs of current KEO, but this should have little bearing on local activities.

Events:

Revel: Kai not present for a report.

Champions Tourney: Oso asked for discussion regarding keeping Championships separate and putting defender tourneys at our annual events. After some discussion, people agreed with consensus at recent charter meetings that it is not reasonable to run both championship and defenders tourneys in one weekend, and that we will put a heavy and archery Defenders tourney at Revel, Bardic defender at Red Lantern, and hopefully resurrect Fur and Feather for Rapier and Equestrian. Unless someone not already having input presents persuasive arguments against this, this will be tried for the coming year.

Oso will make a point to invite all Honorary members to the Champions tourney and all should invite others to the respective events hosting Defender tourneys.

Conscious Festival- wants to rent wall and pavilions for 650\$, noting that this is their first year of running a big event, and hope to be able to rent them again next year for closer to what we normally ask. It was agreed to go ahead with this and we need volunteers to help transport items to Barter Faire site Tuesday June 8th after work and back to storage Sunday June 13th. Contact Oso if you are willing to help with this.

Calendar: noting that the last weekend of June is Lioness, and other weekends of June and most of July have conflicts, it was agreed to combine a June/July meeting at Tonasket Soccer fields (far south end under cover) on July 25th.

Other practices to be posted to website by Marshal.

There being no further business, Oso adjourned the meeting at 2:30.
